## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## NOTE 1 - ABOUT THE ORGANIZATION

Capitol City Family Health Center, Inc. D/B/A Care South, a non-profit corporation, was incorporated in the State of Louisiana as of December 8, 1997. The primary purpose of the Corporation is to deliver primary health services to individuals and families.

The fiscal year of Capitol City Family Health Center, Inc. D/B/A Care South is January 1 to December 31.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. <u>Basis of Accounting</u> The financial statements of Capitol City Family Health Center, Inc. D/B/A Care South, are presented on the accrual basis of accounting.
- B. <u>Basis of Presentation</u> The organization is required to report information regarding its financial position and activities according to two classes of net assets: net assets with donor restrictions and net assets without donor restrictions. In addition the organization is required to present a statement of functional expenses.
- C. <u>Cash and Cash Equivalents</u> For purposes of the statement of cash flows, cash equivalents include time deposits, certificates of deposit, and all highly liquid debt instruments with original maturities of three months or less that are not restricted for specific purposes.
- D. <u>Donated Property and Equipment</u> Donations of property and equipment are recorded as support at their estimated fair value at the date of donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies net assets with donor restrictions to net assets without donor restrictions at that time. There is no donated property or equipment.
- E. <u>Donated Services</u> Donated services are recognized as contributions in accordance with FASB Accounting Standards Codification 958, Accounting for Contributions Received and Contributions Made, if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Center. The Organization has not recognized donated services as there is no means to objectively value such services.
- F. <u>Functional Allocation of Expenses</u> The cost of program and supporting services activities have been summarized on a functional basis in the statement of operations. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- G. <u>Fund Accounting</u> The accounts of the Organization are maintained in accordance with the principles of fund accounting. Under fund accounting, resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purpose. Separate accounts are maintained for each fund; however, in the accompanying financial statements, funds that have similar characteristics have been combined into fund groups.
- H. <u>Property and Equipment</u> Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Acquisitions in excess of \$5,000 are capitalized. Property, furniture, equipment and buildings are depreciated over their useful lives ranging from 5 to 40 years.

The Federal Government has a reversionary interest in property purchased with federal funds. Its disposition, as well as any disposition proceeds is subject to federal regulations. The use of assets purchased with federal funds is limited to the purposes intended by the funding source.

- I. <u>Restricted and Unrestricted Revenue and Support</u> Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statement of Operations as net assets released from restrictions. Federal grant awards are classified as refundable advances until expended for the purposes of the grants since they are conditional promises to give.
- J. <u>Employees' Annual Leave</u> Care South, Inc. charges annual leave earned by employees which has not been used by them at the end of a period to the period that the leave is earned.
- K. <u>Estimates</u> The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.
- L. <u>Net Patient Service Revenues and Provision for Bad Debt</u> Net patient service revenue is reported at the estimated net realized amounts from patients, third-party payors, and others for services rendered, including estimated retroactive and prospective adjustments under reimbursements agreements with third-party payors. Third-party payors retain the right to review and propose adjustments to amounts reported by Center. Such adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Center grants credit without collateral to patients, most of whom are local residents and are insured under thirty-party payor agreements. Additions to the allowance for doubtful accounts are made by means of the provision for bad debts. Accounts written off as uncollectible are deducted from the allowance. The amount of the provision for bad debt is based upon management's assessment of historical expected net collections, business and economic conditions, trends in Federal and state governmental health care coverage, and other collection indicators. Services rendered to individuals when payment is expected and ultimately not received are written off to the allowance for doubtful accounts.

- M. <u>Reclassifications</u> Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.
- N. <u>Allowance for Doubtful Accounts</u> The Center provides an allowance for doubtful accounts based upon a review of outstanding patient receivables, historical collection information and existing economic conditions. Accounts are considered delinquent and subsequently written off as bad debts based on individual credit evaluation and specific circumstances of the account.
- O. <u>Classification of Net Assets</u> Net Assets of Capitol City Family Health Center, Inc. D/B/A Care South are classified based on the presence or absence of donor-imposed restrictions. Net Assets are comprised of two groups as follows:
  - a) <u>Net Assets Without Donor Restrictions</u> Amounts that are not subject to usage restrictions based on donor-imposed requirements. This class also includes assets previously restricted where restrictions have expired or been met.
  - b) <u>Net Assets With Donor Restrictions</u> Assets subject to usage limitations based on donorimposed or grantor restrictions. These restrictions may be temporary or may be based on a particular use. Restrictions may be met by the passage of time or by actions of the organization. Certain restrictions may need to be maintained in perpetuity.

#### NOTE 3 - FINANCIAL INSTRUMENTS

The following methods and assumptions were used by the Center in estimating its fair value disclosures for financial instruments:

<u>Cash and cash equivalents</u>: the carrying amounts reported in the statement of financial position approximate fair values because of the short maturities of those instruments.

The estimated fair values of the Center's financial instruments, none of which are held for trading purposes, are as follows:

| Carrying     | Fair Value   |
|--------------|--|
| \$ 793,541   | \$ 793,541   |
| Carrying     |  |
| Amount       | Fair Value   |

|              | Amount<br>\$ 793,541<br>Carrying<br>Amount<br>\$ 2,682,161 |

## NOTE 5 - LIQUIDITY AND AVAILABILITY

The Center strives to maintain liquid financial assets sufficient to cover 90 days of general expenditures. Financial assets in excess of daily cash requirements are invested in money market funds.

The following table reflects the Center's financial assets as of December 31, 2019, reduced by amounts that are not available to meet general expenditures within one year of the statement of financial position date because of internal board designations. In the event the need arises to utilize the board-designated funds for liquidity purposes, the reserves could be drawn upon through board resolution. Amounts not available to meet general expenditures within one year also may included net assets with donor restrictions. There were no net assets with donor restrictions at December 31, 2019.

Financial assets available for general expenditures, that is, without donor or other restrictions limiting their use, within one year of the balance sheet date, comprise the following:

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of Capitol City Family Health Center, Inc. D/B/A Care South Baton Rouge, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Capitol City Family Health Center, Inc. D/B/A Care South (a nonprofit organization), which comprise the statement of financial position as of December 31, 2019, and the related statements of operations and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated August 17, 2020.

## Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Capitol City Family Health Center, Inc. D/B/A Care South's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Capitol City Family Health Center, Inc. D/B/A Care South's internal control. Accordingly, we do not express an opinion on the effectiveness of Capitol City Family Health Center, Inc. D/B/A Care South's internal control.

A *deficiency in internal control exists* when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Capitol City Family Health Center, Inc. D/B/A Care South's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to the management of Capitol City Family Health Center, Inc. D/B/A Care South in a separate letter dated August 17, 2020.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

D/B/A Care South's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Capitol City Family Health Center, Inc. D/B/A Care South's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency or expliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
